

How-To | Video

Ich zeige euch, wie ihr Videos im Forum einbetten könnt.

Um Videos einzubetten schreibt ihr:

Code

```
[media]URL[/media]
```

Beispiel:

External Content www.youtube.com

Content embedded from external sources will not be displayed without your consent.

Through the activation of external content, you agree that personal data may be transferred to third party platforms. We have provided more information on this in our privacy policy.
